

Remarks/Arguments

1. Current claims 1 – 7 have been cancelled.

2. New claim 8 has been added.

3. In accordance with the Examiner's statement on page 4 of the action that claims 5  
5 – 7 would be allowable if rewritten in independent form including all the limitations of  
the base claim from which they depend, new claim 8 has been added to the case, and  
includes the limitations as previously recited in original claims 5 – 7 and all the  
limitations of the claims from which they depended.

4. New claim 8 recites, in particular, the use of solar panels for powering the lighting  
10 system, and the capability of the bulb and shade assembly to be mounted and removed as  
a unit from the lighting fixtures.

5. No new subject matter has been entered by this Amendment.

6. This amendment has been prepared and submitted in a good faith effort to meet  
the Examiner's objections and suggestions as to the allowable subject matter as set forth  
15 in the Office action dated April 12, 2005.

7. In view of the above, Applicant kindly requests that a timely Notice of Allowance  
be issued for this application.

Respectfully submitted,
